

Decatur Beltline BK Shines

For the second year in a row the Beltline Decatur Burger King #4885 has been presented with the City of Decatur's top beautification award, the John H. Cook Sr. Steward of Spring Award. This prestigious award is presented annually to a property in Decatur to honor John H. Cook Sr. of Cook's Pest Control. Mr. Cook was widely known for his advocacy of beautification in Decatur.

To be considered for this award a property must have been on the Honor Beautification Roll for five years in a row and be selected by the judging committee. The Decatur Landscape & Beautification judges and awards businesses and other public areas for providing outstanding landscaping, seasonal flowers and litter free grounds.

Decatur Beltline General Manager Hannah Steeples

The Decatur and Landscape & Beautification Coordinator Linda Eubanks said, "Burger King's dedication to quality maintenance and stunning landscaping demonstrates what it means to be a good neighbor within a community. The continued beautification of the Beltline Burger King and the Sixth Avenue Burger King creates a more attractive place to live, work and play."

The Sixth Avenue Burger King #14433 was also recognized as a beautification award winner along with 85 other Decatur properties.

Congratulations to the Beltline team for all their efforts in helping achieve this honor.
